

## SECURE, EFFICIENT, AND STREAMLINED FILE UPLOAD AND VALIDATION

**File Manager by Clarity Benefit Solutions** is a cutting-edge solution designed to streamline the process of uploading demographic and other essential files securely through the Clarity Portal. With File Manager, customers can ensure data accuracy and security while enjoying the convenience of real-time file format validation and comprehensive processing history, regardless of the data source.

### HOW IT WORKS:

1. **Upload** your file. File appears in **Recent Uploads**.
2. File is **Processed** and common errors are automatically fixed.
3. Remaining errors can be fixed and re-submitted directly in the Clarity Portal.
4. **Success** notification sent once file completes final processing.

### KEY FEATURES:

#### Secure, Accurate, and Timely Data Processing:

- Clients can securely upload files directly through our robust and secure portal, eliminating the need for insecure methods such as email attachments.
- Say goodbye to the hassle of password protection or file encryption; File Manager ensures data security from upload to processing.

#### Full Visibility of Processing Status and Errors:

- Gain complete visibility into the processing status of your files, allowing you to track progress and identify any errors promptly.
- Real-time alerts and notifications keep you informed every step of the way, ensuring timely resolution of any issues.

#### Effortless Service with Quick Data Issue Resolution:

- File Manager provides an intuitive and user-friendly interface, making it easy for clients to identify and address data issues directly within the tool.
- Enjoy seamless and efficient data management without the need for extensive technical expertise.
